Interesting Events Arranged for Anthracite Park.

Saturday evening a beautiful decorated car conveying the Germania band was seen upon the streets advertising the opening of Anthracite park on Decoration Day. On June 8 Miss Annie Niland, daughter of Mr. and Mrs. Michael Niland, of Scranton, will be married to Eugene J. Burke, of this city. ANOTHER FLAG RAISING.

Old Glory Now Flies Over the Delaware and Hudson Pockets.

Another flag raising occurred Saturday afternoon which rivaled in interest the one last week at the locomotive shops. Again the people of this city were aroused by the sounding of whistles in the yard and the booming of Captain Eitel's field piece.

This flag-raising was at the Delaware and Hudson's pockets, near the Coalbrook breaker. The employees of the transfer pockets have been looking forward for some time to the event. George C. Harbo has been the prime mover in the affair. He worked up the collection, and bought the flag, which is a beauty. Superintendent Manville erected the pole on the south side of the pockets. It is a beautiful staff, thirty feet high. The flag is ten feet by eighteen feet. A temporary platform was arranged for the exercises, and was decorated with flags and streamers. The president's picture was displayed and a motto, "Remember the Maine," had its conspicuous place. Patriotic songs were sung by the men.

A LIVING WITNESS.

Mrs. Hoffman Describes How She Wrote to Mrs. Pinkham for Advice, and Is Now Well.

DEAR MRS. PINKHAM—Before using your Vegetable Compound I was a great sufferer. I have been sick for months, was troubled with severe pain in both sides of abdomen, sore feeling

in lower part of bowels, also suffered with dizziness, headache, and could not sleep. I wrote you a letter describing my case and asking your advice. You replied telling me just what to do. I followed your directions, and cannot praise your medicine enough for what it has done for me. Many thanks to you for your advice.

Lydia E. Pinkham's Vegetable Compound has cured me, and I will recommend it to my friends.—Mrs. FLORENCE B. HOFFMAN, 512 Roland St., Canton, O.

The condition described by Mrs. Hoffman will appeal to many women, yet lots of sick women struggle on with their daily tasks regarding the urgent warnings until overtaken by actual collapse.

The present Mrs. Pinkham's experience in treating female ill is unparalleled, for years she worked side by side with Mrs. Lydia E. Pinkham, and for sometimes past has had sole charge of the correspondence department of her great business, treating by mail as many as a hundred thousand ailing women during a single year.

LAKE ARIEL.

It requires but a glance from a casual observer to note the many improvements at this pleasant resort. The grove and picnic grounds seemingly

have received their full share of attention, workmen have been busy for the past month, the grove has been enlarged to nearly twice its usual size, the grounds levelled and underbrush all cleared away and in its place is found practically a new grove, with the pleasing feature of a running brook. This has been done by damming several dams and six contiguous waterfalls now take the place of what was once an unpleasant part of the grounds. The brook is to be stocked with trout and goldfish and will prove an attractive feature. The entire grove has been covered by a new gravel which is much better suited for this purpose than the tan bark covering of the past. The capacity of the picnic grounds is practically doubled and in addition to the recent enlargement of the dancing pavilion and booths, are fifty new tables, seats and benches, and several twenty-five new swings. The rush of excursionists for luncheon tables which was so noticeable in the past will now be unnecessary. The steamboats have received their annual painting and about thirty new boats have been added to the fleet. Light blue is the prevailing color this season and is very acceptable change. That swampy portion of the town between the boat-house and town proper has been filled up and graded and many other changes are contemplated.

The excursion season will open here June 4, after which there will be the usual amount of safety and excitement, as the excursion list shows the dates to be well taken and the indications are that this season will show a decided increase in both the number of excursions and their attendance. Certainly Lake Ariel is losing none of its popularity.

A new schedule goes into effect on the Erie and Wyoming Valley railroad on June 1, which will include the special lake trains. This will be appreciated by our townpeople, as well as the excursionists who are here frequently preparing their cottages for occupancy.

Several new and attractive cottages are now being erected, which are a valuable acquisition to our cottage colony on the lake front, those nearing completion being owned by Dr. A. J. Connel, L. B. Powell and H. A. Connel.

John Simpson and C. D. Jones are making extensive repairs and improvements on their summer homes, which they will occupy as soon as complete. The appearance of the Union church has been greatly improved by having been painted recently.

Mrs. Dwight Mills is reported seriously ill. Farmers in the vicinity are waiting anxiously for warmer weather. Very little plantings of any kind has yet been accomplished.

Children should always increase in weight. Not to grow, not to increase in flesh, belongs to old age. Present and future health demands that this increase in weight should be steady and never failing. To delicate children, Scott's Emulsion brings richer blood and firmer flesh. JERMYN AND MAYFIELD.

Last Friday two boys, the sons of Felix Mutsy, of Penn avenue, Mayfield, were nearly carried all into eternity by the fast current of the Lackawanna river. The boys, in company with several others, were playing along the river bank, a short distance above the school house and by some unknown means the little fellow about eight years old fell into the water and was soon travelling down with the stream at a very lively rate. The other brother who saw what had happened, ran down the bank for some distance crying and then leaped into the water, thinking to save his brother from a watery grave. By this time Constable Mulderick was on the scene and was successful in rescuing them after being carried for about three hundred yards with the stream.

At the central examination, which was held in the Archbold high school on Saturday, several of the advanced pupils of our high school were very successful in passing the examination and received diplomas for their excellent work. The graduates were George Myers, Alta Myers, Maggie Davis and Minnie Phillips.

Lizale Battenburg, who received a diploma last year in the common English branches, took some of the higher part of her present year's examination, reaching the mark of 99 per cent in botany. The school closed on Friday leaving every department in a healthy condition. Professor Rogers has worked in the past year with the aim and object of giving entire satisfaction to the board of directors and parents of his students, and the teachers are well satisfied with the work that has been accomplished.

The members of the William Hunter post, Grand Central, of the Terrible and the Sons of Veterans attended Divine service at the St. James Episcopal church last evening. The church was beautifully decorated with flowers and national colors, which made a very fine appearance. Rev. Mr. Fassenden delivered an eloquent sermon appropriate to the occasion. The G. A. R. and Sons of Veterans will go through the usual ceremony at the cemetery this morning and fire a volley over the graves of their old comrades. They will then leave for Mayfield cemetery where the service will be performed.

Shadrack T. Lewis, who has been working for the past few months in Plymouth, returned home on Saturday evening.

Miss Alice Parrot, of Pottsville, is the guest of Mr. and Mrs. George Friend, of Mayfield.

not come to Paterson today to play the scheduled game, as they intended to attempt to play a Sunday game at home with Hartford. On account of the short notice the Patersons were not able to get any other team in the league to come here and the 1,500 people who gathered at the gate were told the circumstances and not admitted. At 3:30 the Patersons took the field and, after nine balls had been pitched over the plate, Umberto Diets gave them the game by a score of 9 to 0.

President Ely, of the local club, says he intends to push the matter and will make Long pay the fine of \$300 for not playing the scheduled game, and if possible force him to lose his franchise.
